Dear Sir/Madam

I am writing to express my interest in the job offer provided by your company. I learnt about your company through my college's placement cell and after visiting your website the job has piqued my interest.

Currently majoring in Electronics and Communication, I will receive my degree on July 2022. While I have good knowledge in electronics background, my emphasis is on software field. I feel that your company has interest in similar areas and by the opportunity to serve your company will increase my knowledge in the field and will give me the exposure that I need to advance in my career while using what I've learnt to make an impact on your company's product.

After graduation, I hope to work in a company like yours to grow my experience, serve clients and increase my knowledge in this field. With the right opportunities and experience I am confident that I will achieve my goal.

I would like the opportunity to have an interview with your company and discuss the job opportunities you have available.

Thank You for your consideration.

Sincerely,

Animesh Pradhan
